SUBJECT: SMOM 17-015, High Definition Noncommissioned Officer in Charge (HD-NCOIC) January 2017 Workshop

1. The Army National Guard Systems Branch Training, Development and Support Team will be hosting another HD-NCOIC Classroom Training Workshop at Fort Knox, Kentucky from 23-27 January 2017. This training is an in-house, three-day classroom event.
2. In the same way a High Definition Television (HDTV) allows the viewer to see sharper and clearer images, our HD-NCOIC Training Workshop teaches Enlisted Strength Section NCOICs how to fully utilize all accessions applications, extract data, perform in-depth data analysis and, most importantly, make key leadership, training, and production adjustments that will enhance team performance. In a nutshell, HD-NCOIC Training will make Section NCOICs sharper and give them a clear and true understanding of data pertaining to their territory enabling them to make the right decisions for their respective teams.
3. This class is limited to the first 40 students, therefore RSVP ASAP! Please click on the link (<mailto:usarmy.knox.ngb.list.arng-gss-asb-it-team@mail.mil>) for your Outlook to open, and then email your RSID, rank, name, email, and cell phone number.
